# WHAT IS THE PROJECT ABOUT?

Imagine a combination of Encyclopedia Britannica, Wikipedia and Google Scholar, in a 3Dimension format where you can feel and experience topics, concepts and subject matters.

Now imagine blending these with a SIRI?

So you ask for the definition of something and it's displayed before you with a voice assistance telling you what it is, asking you to touch it like it's real and explaining in details everything you need to know about it!

That's the concept behind the creation of the Shillings Token (SHILK).

Shilk was developed to solve the global challenges limiting learners and academics, especially in developing countries from having access to quality education services from basic to tertiary levels.

The Shillings Token will also be utilized as a means of payment to access virtual education through online platforms and even academic institutions of high reputation.

The SHILK is a utility token tied to the execution and smooth running of this vision above.

It is also a governance token as all holders of the SHILK will be able to vote for developments they want in the project. Long term Holders of the Shillings Token will be rewarded with token redistribution on a monthly basis.

This token in addition to being a means of payment for virtual education, will at the same time provide an opportunity for holders to benefit from the upside potentials which include access to world-class and futuristic education, scholarships, education loans, and ETF.

Shilk is bringing the Best educational products to everyone across the globe through our online marketplace. We are developing our ecosystem upon which many educational dapps will be built.

We are building SHILK to facilitate and widen access to a range of Education products, such that they can be conveniently offered to people across the world.

We are positioned to launch a product that will usher in the future of learning.

We will take education to the MetaVerse and the Space.

# OUR CORE VALUES

## KNOWLEDGE

Committed to creating an Eco-learning environment to the universe, where there will be no limit or barrier. All team members to go through an intensive research program to ensure we bring global best practice and be in the frontrunner of this Eco system.

## INTEGRITY

Shilk Project team are bound to always uphold high ethical standards and moral character in all our projects. All our allocable tokens shall be burnt, distributed and used according to the plan. We shall be providing our audit reports on timely basis to demonstrate our project transparency. Our holders can vote for the changes they want to be implemented in the project through a well-organized voting.

## TEAMWORK

With our shared vision and roadmap, we are committed to working together on this project. Shilk project team are driven by strong passion and hunger to proffer solutions to problems facing education globally but with more focus on developing countries. Our passion will foster Unity, togetherness, facilitate growth and further the rise of the Shilks adaption and usage.

## DEDICATION

We pride ourselves in our love and are committed towards seeing this project becoming a success. We are able to attract young and seasoned professional who are dedicated to the future of this project.

## INNOVATION

Shilk token being a utility and governance token, will constantly require the use of technology and AIs. Our team is constantly researching and brainstorming to deploy modern technology to deliver the promises of this project.

# TOKENOMICS

Name: Shillings Token

Symbol: SHILK

Blockchain: BEP20

Total Supply: 300,000,000,000

Circulating Supply: 270,000,000,000

Decimals: 12

Token Vesting: Public Sale - TGE: 100%

Contract Address: 0xBC1ea41c3Ff3c9d139Cc9522c1f40d1FE10Bf8D4

BSCScan:

<https://bscscan.com/token/0xBC1ea41c3Ff3c9d139Cc9522c1f40d1FE10Bf8D4>

Coin Gecko & CMC Application

# HOW SECURE IS THE PROJECT?

Verified Contract Address  
Responsible Development Team with real identities.  
No presale of Shillings token (Shilk).  
Smart and intelligent blockchain developers.  
Audit report will be provided on a regular basis.

# WHY OWN A \$SHILK TODAY?

The following are some of the reasons Shillings token is the best edu-verse project.

- Community Development Driven.
- Anti-whales' mechanism in place
- A Governance Token
- No Presale or special allocation.
- Charity Oriented
- Value Driven

## Problems of Education in Developing Countries and Africa We're Hoping To Solve

1. Kids can't afford to go to schools, the ones that can afford cannot go to very good schools.

Solution:

Educate The African Child project [ETAC] which is a charity programme designed to help countries with many out of school children. With ETAC, we'll give out scholarships, sponsorships and adopt talented indigents for mentorship.

2. Tutors are poor, underpaid and not researching enough.

Solution: make tutors earn money from their intellectual properties through our NFT marketplace.

This will help them earn enough to invest in more knowledge through extensive research.

Also, help experts by giving them the platform to widen their scope through organizing trainings, conferences, seminars and symposia in the MetaVerse.

3. Limited Access to Adequate teaching and learning aids. Some learning apps and websites in the internet are limited to certain countries only.

Solution:

Create access to decentralized teaching and learning tools, accessible to all.

In our Virtual Edu Village 3Ducation, Tutors and Learners will access 3D objects to cater for Audio-Visual learning aids, not just read and seeing pictures but touching them and interacting with them. We'll incorporate AI, and other modern technologies to make the learning experience a more interesting one.

# WHERE ARE WE GOING?

## December 2021:

- Assemble Founding Team
- Mint Shillings Token and launch on BSC
- White Paper
- Website
- Social Media Platforms

## January - February 2022

- Listing on decentralized Exchanges - Pancakeswap, Sushiswap, Spiritswap, etc
- Campaign, advertisement and marketing
- Certik Audit Authentication
- Strike partnerships with Education Platforms

## March

- List SHILK on Coin Market Cap and Coin Gecko
- Venture Capitalists

## April

- Shillings BlockChain
- Shillings Web3 Wallet
- SHILK Marketplace

## May

- Listing on Major Centralized Exchange Platforms
- Educate The African Child (ETAC) Project Launch

## June

- More Partnerships

## July

- Launch 3Dpedia!

# MEET THE TEAM

## DADA STEPHEN - CEO

Cybersecurity Expert, Business Development Professional with more than 10 years experience.

Has founded a couple of FinTech Projects and is responsible for a few philanthropic projects across 21 countries.

Has a First Degree in Education and Information Science.

## SAMSON PETER - COO

A seasoned financial services professional since 2005 with experience in financial sector, Infrastructure and real estates. He is an expert in building complex financial and business models for over a decade.

## SAGAR TIRODKAR

Web Development Manager

## CHRISTIAN IDAKWOJI - CMO

Experienced Field Representative with a demonstrated history of working in the telecommunications industry. Skilled in Negotiation, Budgeting, Marketing and Sales.

Strong administrative professional with a degree focused in Computer Science and Post graduate diploma in management information systems.

## ADENIJI O. OSCAR

Creative, team-oriented layout artist with over 7 years of experience working in the graphic design industry. Possesses expert knowledge of typography and the effective usage of positive and negative space when developing outputs.
